

GBX International Group, Inc. (OTC: GBXI) Inks Acquisition Target American States University (ASU) and HARVARD Award Winner, Mr. Dabney Signs Majority Resolutions for the Reclassification and Addition of New Classes A, B, and C, Non-Trading Reserved for Each New Spinout Public Company

Los Angeles, CA, May 1, 2023, GBX International Group, Inc., (OTC: GBXI) an emerging leader in international economic development, is pleased to announce it has completed signing agreements and resolutions for the acquisition of American States University (ASU). One of the Key members of the international ASU/CSi-EDP partnership programs focused on integrating operations of all the partners through its newly developed ASU Digital Business HUB.

With the newly acquired majority shareholder control of GBXI, Mr. Dabney follows through and signs majority shareholder resolutions for the reclassification of the preferred shares to voting only and the addition of three (3) new classes of shares Common Class A, B, and C, respectively, all three to be Non-Trading, and reserved for each new spinout Public Company.

Mr. Dabney is now the majority shareholder of both GBXI and American States University.

“With the American States University acquisition under our belt coupled with newly structured share classifications, without missing a step, we are ready for the next two or three Spinout acquisitions. As stated, Cannabis Science Inc, Thermic Science (ENDO) and LNC., are the next target acquisitions with Cannabis Science being the first one, absolutely. News is expected out shortly with the addition of Thermic Science (ENDO) paired shareholding interests and International ASU/CSi-EDP Partnerships makes for a momentous string of deals. Afterwards, the GBXI focus turns to Technology, Motion Picture, and related Media integrations.” Confirms Mr. Dabney.

No shortage of the planned upward mobility action for GBXI as Mr. Dabney ramps up the momentum right line with progressing the previously stated plans in the last News Release;

The ASU Digital Business HUB will be used as the main business student learning center. GBXI will be the main pivot point to spin out trading shares of all our Partner Public and Private Companies such as Cannabis Science, iCannabinoid, Thermic Science, LNC, LMG, and a few more old and new school surprises for our loyal shareholders. No one will be missed! A true Digital Business HUB for students, just as planned all along.

Each spinout company will give our GBXI registered shareholders additional pro-rata shares in each spinout company over and above their original shares in each entity. This provides the required shareholder base for each company required to trade and gives additional shares to all our loyal GBXI shareholders.

We call this “Compounding our Wealth” through extra spinout share participation for all our loyal GBXI shareholders. Each registered GBXI shareholder will receive additional shares of each spinout Company over and above their original shares to enjoy additional liquidity as each company begins to trade through the GBXI Digital Business HUB spinout process.

“Here we go! Anyone who knows me and knows what we have been through over the past few years, knows what’s coming next! It’s full-on Warfare, against the Wind! We are aggressively following through with our plans to Bring ALL our Companies back trading and integrate ASU with several of our CSi-EDP Partner Companies to accomplish that goal very quickly. We will be using the full extent of our reach for this Sprint to the Finish line! All our ground-breaking advanced business and energy technologies along with our HARVARD Award Winning Economic Development & Medical Drug Development Programs all will be offered through our unique ASU University education model for growth and mass inclusion, no one will be missed!

This acquisition will enable ASU University and its CSi-EDP Partners with the tools to grow in virtually every mainstream Industry covered by the many ASU/CSi-EDP partnership Companies and programs for individual

Personal development and/or Business economic development. This growth should happen quickly through its constant and flexible Scholarship and Business apprenticeship Programs modeled individually for every Community, City, State or Region for its specific and unique economic and medical needs. The goal is creating 100's or thousands of jobs worldwide to help fix our economic turmoil using all our ASU/CSi-EDP partnership Company resources in our hardest hit communities worldwide, ASU/CSi-EDP, Bringing it all Together, Here we go! Confirmed New President & CEO of GBX International Inc., Mr. Raymond C. Dabney”.

With multiple Schools of Excellence, the ASU University is positioned to become an Internationally recognized leader in traditional and digital hybrid mix of Prestigious Degree and Certificate Trades Programs, wrapped in an international economic entrepreneurial bevy of jobs and choices for growth for everyone enrolled. The ASU/CSi-EDP Partnership is focused on introducing one of the largest Nationwide University Scholarships Programs offered, City by City, Coast to Coast, Scholarships for education, family, and business.

With the new Digital HUB online software integration well underway, ASU, a Hybrid University offers the “big three” mix of on-line, in-class, and on-the-job training, ready to grow all ASU/CSi-EDP Partnership companies... Entrepreneurial education, rapid deployments for distressed communities, focused on individuals, families and youths ranging from the affluent students programs right through to the distressed communities worldwide, aggressive integration and inclusion of growth.

American States University is the only TRUE Entrepreneurial University that can provide the flexibility, affordability, and accessibility to the general public needed to provide this level of education. American States University is a unique hybrid mix of online, in class and in field education. It is a unique and creative entrepreneurial educational brainchild of its Founder, President, and Chancellor, Raymond C. Dabney, coming from challenging beginnings himself with little formal education; he advanced and created many opportunities offered by this great planet and the blessed individuals willing to teach him their trade; now Mr. Dabney is giving back those same opportunities and Successes he has been Blessed with to his future students, professors, shareholders, families in need, and the general business community worldwide.

ASU will provide the financial and managerial resources needed to expand those offerings rapidly' into Communities of need and establish several new paradigms for instant non-traditional hybrid education, expanding across the country and Internationally as market conditions dictate.

School of Law;

Bachelor of Science in Law [BSL]; Juris Doctor [JD]

ASU will build its in-house legal team of Volunteers, Adjunct Professors, Full-Time Professors, Students and Apprentices Worldwide. The in-house legal team will take on cases covering a wide range of legal instances to help fix the many wrongs inhibiting our society from growing and nurture in an equal opportunity environment. ASU Law already has a few cases it is a party too already with our own CSi-EDP Partner Companies that will be at the forefront of our initial case studies and initial aggressive legal actions to fix.

School of Business;
